Deluxe tips for your skiing holiday

These hotels are among the best for a winter holiday

Even though winters in Mallorca are wonderful, at Christmas time what most of us want to see are mountains covered in snow. With an average temperature of 16 degrees in December, the Island has little to offer in the way of winter sports. For those we need to travel to Germany, Austria or Switzerland. Many of the hoteliers there also run successful hotels in Mallorca. Swedish couple Mikael and Johanna Landstrom own both the Portixol Hotel in Palma and the Esplendido in Söller. In Austria they have recently redesigned the interior of the Valluga Hotel in St. Anton following Purist principles – complete with indoor swimming pool. Ischgl hotel owner Günther Aloys is constantly adding to his portfolio of luxury holiday resorts – both in Mallorca and Austria. His latest project is the Arthotel Elizabeth, which combines luxury accommodation with an impressive art collection.

So schön der Winter auf Mallorca auch ist, um Weihnachten wünscht man sich meist den Anblick schneebedeckter Berge. Mit durchschnittlich 16 Grad im Dezember hat die Insel Wintersport nicht zu bieten, dafür reist man gerne nach Deutschland, Österreich oder in die Schweiz. Viele der dort ansässigen Hoteliers sind auch auf Mallorca gut im Geschäft. Das schwedische Paar Mikael und Johanna Landstrom ist mit dem Hotel Portixol in Palma und mit dem Esplendido in Port Söller vertreten. In Österreich haben die beiden den Purismus im Interieur-Design für das Valluga Hotel in St. Anton neu gestaltet – ein Pool fehlt auch hier nicht. Der Ischgl Hotelbesitzer Günther Aloys erweitert sein Portfolio an Luxusferienresorts ständig – auf Mallorca wie in Österreich. Neuestes Projekt: Das Arthotel Elizabeth soll "Moderne alpine Architektur und Kunst als Erlebnis" vereinen. In Planung: Ein Flying Pool aus Glas.
