November 1, 2008 - CHALET SPA launches CHALET SPA Verbier and CHALET SPA Blanche, two exceptional chalets located a few minutes from the centre of ski mecca Verbier, France. CHALET SPA residences offer contemporary design, limitless comfort, sophisticated spa areas and the very latest technologies in a warm atmosphere enhanced by natural local materials such as mature timber, granite, slate and upholstered leather. Every chalet has splendid terraces offering extraordinary views of the Valais Alps

CHALET SPA Verbier is a magnificent slate-roofed timber chalet, located a short walk from the Les Savoleyres ski lift and nestling in a quiet, secluded spot at the end of a private path. Three of the four floors comprising the chalet are surrounded by delightfully finished terraces offering exceptional views of the Alps. The residence has 5 bedrooms with hand-made mattresses, luxury cotton sheets and cashmere blankets. The chalet can accommodate up to 10 people.

The property offers an incredible private spa with hammam and sauna, an outdoor Jacuzzi on the terrace (with its own television), a gym equipped with the latest Technogym machines, a superb indoor swimming pool with massage fountain and an adjacent bar. Modular speakers are incorporated on all floors and terraces, and all areas of the chalet have iPod stations. Every room is equipped with "Magic Mirror" TV (flat screens concealed in mirrors) and the chalet has a private HD home cinema and a wide variety of films to choose from.

CHALET SPA Blanche is built with mature timber comprising three floors, with two delightfully finished terraces offering breathtaking views of the Valais Alps. With four bedrooms, the chalet can accommodate up to 8 or 9 people. CHALET SPA Blanche is located 200 metres from the Piste Rouge and just 5 minutes walk from the centre of the resort.
